

**SHERMAN PUBLIC LIBRARY DISTRICT  
INTERNET ACCESS CONCENT FORM**

Name of minor child \_\_\_\_\_

Address \_\_\_\_\_

The Sherman Public Library District believes that ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their child or ward should follow. To that end, the Sherman Public Library District supports and respects each family's right to decide whether or not to apply Internet access for their minor child.

The Sherman Public Library District believes that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access (i.e. some sites accessible via the Internet may contain material that is illegal, defamatory, inaccurate or potentially offensive to some people.) While the library's intent is to make Internet access available to further educational goals and objectives, students will have the ability to access other materials as well.

I, as a parent or guardian, of the minor child named above, have read the library's Internet Guidelines/Procedures and do give my consent to the Sherman Public Library District to allow the library to provide him /her with access to the Internet. I understand that the Sherman Public Library District may not be held responsible for the information accessed through the Internet by my child.
